# Pie's logo design process

# A quick, custom made identity.

After receiving your creative brief, Pie's logo design process consists of 3 key phases:

Please complete Pie's creative brief template and send to: [info@designbypie.net](mailto:info@designbypie.net)

## PHASE #01:

### LOGO CONCEPT DEVELOPMENT

Creating three workable interpretations of the logo design brief, which includes:

- Quick competitor research
- Drafting digital designs in vector software
- Establishing the font style(s) and colour palette
- Developing portrait and landscape variations of the designs in full colour and one colour
- Producing an initial concept design presentation showcasing the designs, the colours used, font styles and an appropriate mock-up of the logo in use.

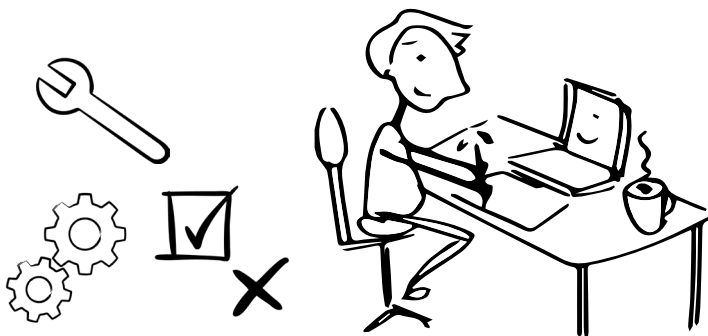

## PHASE #02:

### FEEDBACK | REFINING THE DESIGN

Two rounds of amendments to one or more of the logo concepts are included\*\*.

After the two round of amendments, any further developments, tweaks or amendments to the initial concept(s) will be charged for. Please see Pie's Terms of Hire on Page 6.

**\*\*The two round of amendments will not be charged for provided your requests do not fall outside the original creative brief provided or exceed 1 hours design work in total.**

## PHASE #03:

### DELIVERING THE DESIGN

After 'sign off' of the final logo design you'll receive:

Pie will supply a library of screen and print ready files of all variations of the logo:

- **High resolution | Print (CMYK) files:** .ai, .eps, .pdf, .jpg
- **Low resolution | Screen (RGB) files:** .jpg, .png, .svg

Pie will also create a basic logo spec sheet outlining the specifics of your logo design including colour references, fonts, spacing, presentation rules and a list of the logo files supplied.

# Pie's hire terms

# Let's check we're on the same page...

**With the understanding that hiring a graphic designer can seem a little daunting Pie created this simple contract overview.**

Pie has put together some simple hire terms that make the hiring process and agreement made between us reasonable and clear for you.

## **YOUR COMMITMENT/DEPOSIT**

- 50% of the amount quoted for PHASE #01 is required as a down-payment/deposit. (As this phase is the main and most design/time intense part of the process.)
- If the anticipated cost and hire terms stated in your quote are accepted, an invoice for the down-payment will be sent via email.
- Once the payment reaches the account, the design work will be booked in.
- PLEASE NOTE: The remaining 50% due for PHASE#01 will automatically be invoiced for 30 days after the initial logo designs have been submitted to the client for review. It is the clients responsibility to come back with appropriate feedback within that 30 day period.
- **Paying the deposit acts as an agreement to these terms.**

## **CLIENT FEEDBACK/REFINING THE DESIGN**

- Your quote will be for the creation of three initial logo design concepts and the supply of the final logo files with a logo design spec sheet only.
  - Two rounds of amendments to one or more of the logo concepts are included in the cost quoted provided that the requests do not fall outside the creative brief provided or exceed one hour's design time in total.
  - Amendments to the initial concept(s) will be addressed and resent for reviewing/approval within five working days.
  - After the two rounds of amendments, any further developments or changes to the initial concept(s) will be charged for at the standard hourly rate.
- Any additional cost will be agreed with the client prior to any further work commencing and will be added to the final payment invoice.

## **FINAL PAYMENT INVOICE**

- The final payment invoice will include the remaining 50% due for completed PHASE #01, any additional cost incurred for PHASE #02 and the full cost quoted for PHASE #03.
- This invoice will be presented for immediate payment once the final logo design has been agreed or 'signed off' by the client. Once the payment has been received, the final logo files will be supplied, with a logo spec sheet within five working days.

## **BOOKING IN THE WORK/TIME SCALES**

- Pie will outline the times scales for your logo design project with your quote.
- Work on your project can be booked in provided the down-payment reaches the account at least five days before the suggested start date.
- A presentation of the initial concepts created will be emailed for review within five working days.
